

AUO Mobility Solutions-POLICY FOR QUALITY, ENVIRONMENT, OCCUPATIONAL SAFETY, ENERGY, PRODUCT SAFETY AND INFORMATION SECURITY

We inspire with convincing quality!

Our integrated management system for quality, environment, occupational safety, energy, product safety and information security is implemented and continuously improved at all AUO Mobility Solutions locations. We consider the needs and expectations of our interested parties as well as assessing risks involved. As managers we consider our employees to be our most important resources. As such we want to encourage and support our employees in the implementation and consistent application of this policy. We are committed to the following principles:

✓ We listen carefully to our customers; they challenge us to continuously improve our level of quality.

✓ We inspire our customers with innovative, high-quality and safe products and services.

✓ We develop our innovative and competitive products and services based on standardized and established quality processes and methods.

✓ We rely on efficient, smart production and logistics processes to deliver always high quality on time.

✓ We promote a long-term partnership with our suppliers and service providers.

✓ We plan and procure new installations, equipment and services with the aim of achieving high energy efficiency.

✓ We challenge and encourage ourselves implementing this policy through consistent training and further education.

✓ We provide all employees with safe and healthy workplaces; identified risks and hazards are systematically reduced or eliminated.

✓ We involve our employees in occupational health and safety considerations and actively involve them in decisions.

✓ We work steadily to reduce our environmental impact and increase energy efficiency in order to improve our ecological footprint.

✓ We continuously strive to improve our management system and the associated processes.

✓ We periodically review and fulfill the requirements of our stakeholders such as customers, employees, shareholders, suppliers and authorities.

✓ We are committed to comply with legal, regulatory and other requirements as well as product safety standards that are relevant to AUO Mobility Solutions.

✓ We use technically and economically available resources and information to comply with this policy.

✓ We will carry out necessary corrective measures for observance with this policy immediately.

We support each other in complying with this policy!
